Ordinance amending Title 2, Administration, Chapter 4, General Administration; Article 2; Contracts with City, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented by adding thereto provisions that the City of Newark shall not purchase, lease, rent or take on the consignment of goods or services produced under sweatshop conditions.

WHEREAS, it is in the interest of the City of Newark to purchase, lease, rent or take on the consignment of goods or services or items of apparel and textile from responsible contractors that provide quality and service at a competitive price, and

WHEREAS, it is against the best interest of the City of Newark to purchase, lease, rent or take on the consignment of goods or services or items of apparel and textile from contractors that compete by exploiting their work force rather than by running efficient operations; and

WHEREAS, in the past, scandals have been uncovered in which producers of these goods have maintained sweatshop conditions, such as paying poverty wages, violating workplace regulations, and suppressing worker rights; and

WHEREAS, such conditions threaten the jobs and working conditions of all workers; and

WHEREAS, it is the policy of the City of Newark not to purchase, lease, rent or take on the consignment of such goods produced under these conditions; and

WHEREAS, sweatshop conditions flourish when the conditions of workers are hidden; and

WHEREAS, pressure from government and other institutional purchasers is one of the most effective ways to combat sweatshop production.

NOW, THEREFORE BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK THAT.

Section 2. The guidelines and procedures set forth herein shall apply to items of apparel and textiles such as clothing head wear, footwear, linens and fabric.

Section 3. In order to insure that City contractors for items of apparel and textiles utilize responsible employment practices, the following criteria are established:

- A) Preference will be given to such goods manufactured in the United States in accordance with N.J.S.A. 40A: 11-18.**
- B) The City of Newark shall, whenever possible, only award contracts for such goods to contractors with responsible employment practices as defined below**

Section 4. The City of Newark may require of every bidder for contracts covered under Section 2 above:

- ii. Bidders, when requested, shall certify that each location, including subcontractor locations, substantially involved in producing or distributing such goods meet the following standards:**
 - a) Compensation. Wage and benefit levels must be sufficient to meet basic needs and provide some discretionary income for family of 4 (a "Living wage"), along with affordable family health benefits typical of responsible employers.**
 - b) Rights. The company respects workers' rights to speak up about working conditions without fear of retaliation, and to form unions of their own choosing without employer resistance. Due process and just cause procedures are used for discipline or discharge. The company complies with all laws, regulations and ILO standards governing the workplace. The company does not use child labor, forced labor or corporal punishment. The company does not discriminate in hiring, promotion or compensation on the basis or race, national origin, religion, gender, sexual preference, union affiliation or political affiliation.**

- c) *basis or race, national origin, religion, gender, sexual preference, union affiliation or political affiliation.*
- d) *Safety and Health. The company provides a safe and healthy work environment that complies with all State and local fire, building and environmental codes and legislation.*

Section 5. The City may, at its discretion, require correction and remediation of violations of the standards listed above prior to renewing commerce with the contractor. The City may require further proof of compliance with the aforementioned standards. Upon the City's request, the contractor or subcontractor shall make all relevant records available to the City or its designee. Failure to comply with these requirements may result in the termination of a contract or ban the vendor from holding contracts with the City for a period of 3 years.

BE IT FURTHER ORDAINED, that, in the event of a conflict between the provisions of this Ordinance, as set forth herein and "The Local Public Contracts law" (N.J.S.A. 40A: 11-1, et seq.), the aforesaid statute shall take precedence.

BOARD OF ADJUSTMENT APPEAL

- 5-A-1. In the matter of application of Priscilla Barkman, Applicant, Anthony Pecoraro, Owner, to permit in a third residential district proposed renovation of an existing building to be used as a car rental service which is not a permitted use and subject to site plan approval and any and all other required variances and waivers on premises 427 Chestnut Street. (East Ward)**
(Copy of transcript submitted to each Member of the Council)
(Mr. Joseph Calello, Appellant)
(Board of Adjustment hearing held November 10, 1999)
(Transcript filed December 8, 1999)

Assistant Corporation Counsel Miles explained the procedure by which the Municipal Council would hear arguments for and against the appeal.

The Board of Adjustment at its meeting held November 10, 1999 approved the application by 6 Ayes and 1 Nay.

An appeal in this matter was filed in the Office of the City Clerk on November 22, 1999, by Mr. Joseph Calello.

The transcript in connection with this matter was received on December 8, 1999, and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On December 9, 1999, the City Clerk notified the applicant, the owner, the applicant's attorney, the appellant and objectors that an appeal in this matter would be heard by the Municipal Council at their rescheduled meeting of December 21, 1999, at 7:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark, New Jersey.

President Bradley stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment in the Matter of application of Priscilla Barkman, Applicant, Anthony Pecoraro, Owner, to permit in a third residential district proposed renovation of an existing building to be used as a car rental service which is not a permitted use and subject to site plan approval and any and all other required variances and waivers on premises 427 Chestnut Street. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means that they may state the reasons for their position on the variance and they may point to testimony of other evidence.

This is the time and the place for the appeal to commence.

MR. MICHAEL ALBIN, 35 GOTTHARDT STREET, NEWARK, IRONBOUND LITTLE LEAGUE, addressed the Members of the Municipal Council in opposition to the granting of this variance stating it would cause problems for youngsters playing in the little field which is located across the street.

Council Member Amador stated the following:

"Let me read into the record a statement related to this issue. The premises in question is an irregularly shaped lot on the northwest corner of Hanover Street and Chestnut Street, not conducive to the storage of motor vehicles. Within 200 feet of the premises are a playground, various residential premises, a fire station and a restaurant, and we have, if I'm not, if I can recall well, about six corners with lots of traffic. As revealed by the record below, the applicant intends to lease and store cars on the premises. The hours of operation will refer to as being 7:30 A.M. to 6:00 P.M., Monday through Friday and also on Saturday mornings. The record is totally inadequate, upon which the Board of Adjustment could properly grant the variance. The area is a Third Residential District. No traffic study was conducted and no traffic expert was present. The proposed use is prohibited in a Third Residential District. The applicant had the burden of establishing a reasonable basis upon which the application could be granted. Number one, the record is devoid of any proof which would establish a compelling justification for granting this variance application. Number two, there was no evidence received which would indicate that proposed use would not be harmful to the surrounding residents of the neighborhood and park, and it's not a playground. It's a little league field. Significant traffic congestion issues were never addressed by the applicant or the Board of Adjustment. Number four, the record is devoid of any affirmative finding of facts by the Board in support of the application. A review of the entire transcript of the hearing clearly establishes that the Board of Adjustment abused their discretion and granted this variance without due regard for the neighborhood. Consequently, I, therefore, move that the appeal by the applicant of the approval below of a car rental business in a Third Residential Zone at 427-435 Chestnut Street be sustained and the variance for the same be rejected. Thank you."

A motion to reject the decision of the Board of Adjustment was made by Council Member Amador, seconded by Council Member Walker and declared adopted by President Bradley by the following votes:

Yes: Council Members Amador, Booker, Bridgeforth, Carrino, Chaneyfield Jenkins, Quintana, Walker, President Bradley.

Absent: Council Member Tucker.
